Sooner or later you will be compelled to relinquish those decayed teeth, which are now a source of offence to your friends and agony to yourself. The sooner you determine to have it done and over with, the better for you. And when you do conclude to have new teeth made, remember that those splendid teeth, unexcelled for beauty, fit and quality, upon which Dr. Walter S. Rudisill gained a wide and enviable reputation, have now been reduced by him from \$15 to \$10 per set, without any deterioration in their standard of merit. This is an opportunity you cannot afford to miss—a combination of the higher features of excellence, and a financial consideration which places them easily within the reach of all. Call and see for yourself. It costs you nothing to investigate.

Dr. Rudisill extracts teeth at 25 cents each.

REV. T. DE WITT TALMAGE,

The Most Eminent Preacher in the World Recommends Dr. Greene's Nervura.

Rev. Dr. Talmage Finds Help in the Use of Dr. Greene's Nervura and His Commendation of this Grand Remedy Will Influence and Encourage the Weak, Sick and Suffering to Use It and Be Cured.

REV. T. DE WITT TALMAGE.

Rev. T. De Witt Talmage, undoubtedly the greatest living divine, occupies in the hearts and minds of the people a position of pre-eminence esteem and regard. No other preacher is so widely known, no other clergyman is so distinguished throughout the world. A great orator and writer, his sermons have the widest dissemination, until their is scarcely a family where his name and works are not known.

When such a man, a recognized leader and teacher of the people, testifies by his written testimonial that Dr. Greene's Nervura blood and nerve remedy has helped him and that he recommends its use for invigoration after over work, to restore the strength, energy, nerve force and vitality of the system, when for any reason they are lost, weakened or impaired, those who are sick and suffering, who are weak, nervous, without strength, energy and ambition, who are discouraged and disheartened by repeated failures to be cured, in fact all who have need of a strength-giving and health restoring medicine, can take renewed hope from the words of this great preacher, that Dr. Greene's Nervura is the one remedy among all others to give them back the health and strength they have lost.

Rev. Dr. Talmage says:
1400 Mass. Ave., Washington, D. C.
I commend Dr. Greene's Nervura blood and nerve remedy for invigoration after over-work. I have used the Nervura for that purpose.

T. De Witt Talmage.
Hope of cure should not be lost while Dr. Greene's Nervura remains untried; no one should be discouraged or despair of a cure who has not yet sought in this wonderful remedy relief from the pain of rheumatism and neuralgia; restoration from nerve weakness and nervous prostration; renewed strength from the

weak, tired feelings, run-down and exhausted sensations of general debility; a cure from those conditions which cause indigestion, dyspepsia, kidney and liver complaints, female weakness, etc.

You can be cured if you will use Dr. Greene's Nervura blood and nerve remedy. Strength of nerves, strength of muscle, strength of body, renewed power, ambition and endurance are its wondrous gifts to nerve-weakened, run-down, debilitated, nervous, tired out and exhausted people.

To the despondent and discouraged it is the hope of renewed life—a new world, as it were, from which pain, suffering and despair are banished; to the weak, tired and prostrate, it is a tower of strength; to the nervous, sleepless, irritable, brain-weary and nerve-racked, it gives natural, refreshing sleep and strong and steady nerves; to the low spirited sufferers from nervous prostration and female complaints it is the entrance up on a new existence of robust happiness; indeed, the sick and suffering will find in Dr. Greene's Nervura a veritable fountain of health.

Dr. Greene's Nervura is a physician's prescription, the remedy of physicians for the cure of the people. Use it if you have need of a health and strength giving medicine, and consult Dr. Greene, if you wish, which may be done without charge, either personally at his office, 148 State St., Chicago, Ill., or by letter.

Above all do not be persuaded to accept some substitute which the dealer claims is "just as good," on which he makes a little more profit. There is no other remedy in the world of anything like the value, power and efficacy of Dr. Greene's Nervura in restoring health and strength. Insist on having Dr. Greene's Nervura blood and nerve remedy, and accept no other. Guaranteed purely vegetable and perfectly harmless.

WASHINGTON LETTER.

(From Our Regular Correspondent.)

WASHINGTON, D. C., January 7, 1898.

Senator Davis, chairman of the committee on Foreign Relations, got right down to business when he gave notice in the Senate that the treaty for the annexation of Hawaii would be called up Monday and kept before the Senate until it was disposed of. The outlook for the ratification of the treaty is much better than it was before the recess. It is now known that every Republican Senator will vote for ratification, the populists will divide on the question, and the abandonment of the attempt on the part of some of the Democrats to make it a party question makes the friends of annexation confident that enough Democrats will vote for it to make the necessary two-thirds.

The House jumped right into the debate on the civil service and will talk it out on that line. A bill representing the views of those Republicans who believe that the present law should be modified has been introduced. It provides for a tenure of office of five years of all officials included in the civil service; that those rules shall only apply to the government departments at Washington and to such other localities where the number of employees exceed twenty-five, and only to those whose compensation is not below \$900 and not above \$1800.

In answer to a Senate resolution, the members of the Cabinet have forwarded their opinions of the civil service law and rules. They all approve the principle of the law, but Secretaries Sherman, Gage and Wilson advocate material modification of the present rules and present good reasons why they do so.

Secretary Gage wears a broad-gauge smile these days, owing to the continued increase, beyond all expectations, in the government receipts under the Dingley tariff law; and Mr. Dingley's smile is even broader.

Chairman Cannon, of the House Appropriation Committee, who spent his holidays at his Illinois home, says his constituents were all too busy to talk politics and that consequently he heard nothing about this year's campaign.

Representative Fletcher, of Minn., who has just returned from a trip home, said: "During the forty years I have resided in the State I have never seen the rural districts of the state more prosperous. Minnesota Republicans have always been loyal, and have never failed to carry the state when a fight was on. That can be said of no other western state. I have no doubt that the Republicans will be triumphant this coming fall."

Hon. J. R. Burton, of Kansas, now in Washington, is one of the numerous Republicans who believe in the policy of letting well enough alone. He says: "Congress ought to pass only the necessary legislation and adjourn as speedily as possible, so as to give the country the longest rest possible before the campaign opens. It would be a great mistake, in my opinion, to tinker with currency. Every dollar we have is as good as every other dollar, and is going to remain so. It is best to let well enough alone. Prosperity has knocked out the free silver shouters, and they will, if the present good status is maintained, have very timid audiences next summer and fall. Give them any excuse by interfering with our monetary system and they will start up their howling with renewed energy. There is no need to give them any opening, but let them go on with their worn out 16 to 1 platitudes. Our present currency system may not be ideally perfect, but it is answering all purposes and a change at this time is not desirable."

The action of Treasury Department this week in increasing the counter-acting duty on French sugar about 100 per cent, because of the payment of an export bounty on sugar by France, will practically shut French Sugar out of our markets. This action, which will please the beet sugar interests, was taken under the authority conferred by the Dingley tariff law, and is strictly in line with protection.

In order to ascertain to what extent the recently discovered counterfeit \$100 silver certificates have gotten into circulation, Secretary Gage has called in the entire issue of that denomination. These counterfeiters are the most dangerous ever seen of any U. S. note. The paper, the engraving and the printing are fully up to the standard of the genuine, and it is feared that many of them may be in the hands of banks. They are calculated to fool expert money handlers.

Gen. Grosvenor, who has just returned from Ohio, says the story that he returned to Washington to arrange for a compromise candidate to take the place of Senator Hanna in case it becomes certain that he cannot be elected is a lie; that there will be no compromise; that it will either be Hanna or a silver Democrat, and he is confident it will be Hanna. Gen. Grosvenor added that he came back to take part in the civil service debate. He has been doing it, too.

The following soldiers' head marks are still uncolored for: J. G. Miller, private, Co. H, 1st O. V. C.; Charles Roland, private, Co. F, 1st O. L. A.; J. Thompson, private, Co. E, 168th O. V. I. D. LEADBETTER, Adj't. Post.

THE RACKET

1898.

We don't ask any man to trade with us on the strength of our reputation, or because we sold things cheap last year. With us every year must take care of its own business. Every sale has to stand on its own bottom. Every customer has to judge us by what he buys—not by what his neighbor buys.

One of the things other stores can't understand is how we can sell goods at the prices we do and stay in business so long. One of the things we can't understand is why people help other stores to get the prices they do.

During January we will make a sweeping reduction in Men's Winter Underwear.

The kind we sold for 72c is a good, heavy wool, well worth 75 cents. January sale, 52c.

The 48 cent kind, worth 60c, January sale, 42c.

The 39 cent White Merino, worth 50 cents, January sale, 33c.

The 25c Natural Shirts, January sale, 21c.

Keep with our store through 1898. It's a growing store, and the low prices we name will make your shopping profitable and pleasant.
